

## September Vol weekend

### Friday, Sept-18th:

Sylvia Swain, Hunt McKinnon, Ron Hudnell & Jim Houck did Trail Asset Inventory from FS-86, north to VA-615(Settlers Museum).

This was an eye-opener, as we saw & counted a lot of items. It really gives you a chance to take a close look at the trail.

### Saturday Sept-19th:

We started with an orientation class @ the Settlers Museum.

Afterwards crews went out to:

VA-670 to VA-16.

VA-615(Settlers Museum) to US-11.

I-81 road walk area.

VA-683 to VA-617.

In all, we did about 16.8 miles of Trail Asset Inventory.

We'll continue the Treadway Inventory project, next year with hikes on Friday & Sunday.

As usual, pot-luck, camp fire & conversation was enjoyed by all.
