

April Vol Weekend

Rain on Monday - Friday. It cleared up nicely for our Saturday trail maintenance crews, & then rained on Sunday. Paul, Sylvia & others prepared a fine breakfast Saturday morning to get PATH & our 15 College student guest going.

We cleaned water bars, lopped, removed a blowdown & preformed general trail maintenance from VA-601, north to Crawfish Valley.

Will Merritt picked 15#'s of garlic mustard from the VA-610 area on Sunday-12th.

Herb MacDonald worked from VA-601 to Partnership on Friday-17th.

Saturday-18th:

Sylvia Swain & her crew worked from FS-86 to VA-622.

Dwight Levi & his crew of college students cleared the blowdown, just north of FS-86, & continued working to Settlers Museum.

Jim Houck led his college crew from Settlers Museum to US-11.

Charlotte Lafon, her 2 H.S. students, Barbara Council & Yvette Peveler, worked from I-81 to VA-617, afterwards they cleaned up around the Partnership shelter area.

Jeff Brown & his crew worked on the D.Dog relo in Davis Valley.

David John & David Faucette, along with 2 college students, blazed & cleaned up in the Gullion Mountain area.

Paul Haag & Crew painted boundary trees in the Tilson Farmstead area.

Herb MacDonald & Hunt McKinnon worked at Jenkins privy.

We also put earth worms in Chatfield, Davis Path, Knot Maul & Jenkins privies.

Pot-Luck was well received by our workers.
