

## **March Vol Weekend.**

Most of the PATH section was walked, checked & lopped.  
Some trees were cleared. Some blazes were freshened up & the spring North of Tilson Mill was made ready.  
Privies were checked & litter was picked up.  
Jeff Brown found an old bird house that was built & installed by Gordon Burgess, North of I-81, in a fence line.  
In all 44 volunteers turned out.  
Good weather prevailed.

Pot-luck was best I've had in quite some time.  
Martha Emrey Brought a spice cake & we quickly dedicated it as the cake to kick off the 2015 season & the 50th Anniversary of PATH as an Appalachian Trail Club.

\* Join us on April-18th as we clean water bars, freshen blazes, finish the Davis Valley/Desert Dog re-lo.  
We'll have 18 college students coming down, so we need leaders.
